

The St. Maries Joint School District No. 41 Board of Trustees intends for community residents to have the benefit of the use of school facilities insofar as is feasible without interfering with the regular school program or school-related activities. Such use must be limited to activities approved under state law. Activities will be permitted which are educational, cultural, social, recreational, or civic in nature and which are non-sectarian, non-political and non-exclusive, and which are primarily for the benefit of community residents.

Permission to use the high school gym, with or without charge, during assigned hours may be granted (under the conditions set forth by Board Policy) by the Superintendent upon written request. Requests for use which are not covered under this Policy may be submitted to the Superintendent and the Board for individual consideration.

ELIGIBLE ORGANIZATIONS

An organization whose membership is comprised of fifty (50%) percent or greater of District residents may apply to use the high school gym for activities that are permitted under state law. Such groups must have a membership of ten (10) or more persons.

APPLICATIONS AND RESERVATIONS

Application for reservations must be submitted in writing on forms available in the Office of the Superintendent or his or her designee. The Superintendent or designee will approve or deny application.

SCHEDULING OF FACILITIES

The Superintendent or designee will schedule the use of the high school gym to ensure that economical and efficient use is made of the time and space available. The right to revoke a permit at any time is reserved by the school authorities. The high school gym will not be available for public use on Sundays or during school vacations. (Exception would be already established users and school-sponsored educational and activity programs.)

CONDITIONS FOR USE

The regulations include a schedule of fees to cover the cost, if any, to the District for non-school activities in the high school gym. The Board authorizes the Superintendent or designee to make interim changes in the regulations on an emergency basis, giving notice to the Board at its next regular meeting. Permanent changes in the regulations must be approved by the Board.
