

It is recognized that the Board of Trustees has the responsibility to maintain good public elementary and secondary schools and to implement the educational interest of the State, consistent with State and federal educational requirements, including District improvement plans, accreditation requirements, and other school-based issues. However, recognizing also that it may become necessary to eliminate certificated staff positions in certain circumstances, this Policy is adopted to provide a fair and orderly process should such elimination become necessary.

The Board of Trustees has the sole and exclusive authority to determine the appropriate number of certificated employees and to eliminate certified staff positions consistent with the provisions of the State statutes. A reduction of certified employees may occur as a result of, but not be limited to, the following examples or from other conditions necessitating reductions:

1. Decreases in student enrollment
2. Changes in curriculum or programs
3. Staffing limitations of the District
4. Negative changes in the financial conditions of the District

The need for implementation of a Reduction in Force and/or the elimination of certificated positions is left to the sole discretion of the Board of Trustees, provided however, that no such decision shall be made until after completion of the written evaluation for each certificated staff member and that the decision as to which employee(s) shall be subject to such reductions shall not be made solely on consideration of seniority or contract status.

The Board of Trustees may choose to implement a Reduction in Force (RIF) through:

1. The elimination of an entire program or portions of programs;
2. The elimination of positions in certain grade levels only;
3. The elimination of positions by category;
4. The elimination of positions in an overall review of the District;
5. The elimination of a portion or percentage of a position(s) or any combination of the above.
6. Any combination of the above

The following definition and procedures shall be used for conducting a Reduction in Force.

DEFINITION

As used in this Policy, "teacher" shall apply to any employee of the District who holds a certificate issued by the State Board of Education who is employed in a teaching or administrative position, below the rank of Superintendent.

PROCEDURES

1. Prior to commencing action to terminate teacher contracts under these procedures, the Board of Trustees will give due consideration to its ability to effectuate position elimination and/or reduction in staff by:
 - A. Voluntary retirements
 - B. Voluntary resignations
 - C. Transfer of existing staff members
 - D. Voluntary leaves of absence
2. In the event a Reduction in Force is required, teachers who are retained pursuant to these procedures may be reassigned if suitable position openings are available in instructional areas for which they are Highly Qualified and for which the building principal has approved transfer pursuant to Idaho Code.
3. In the Board of Trustees' determination as to the individuals to be released pursuant to the Reduction in Force consideration will be given to the criteria set out below. Each criterion shall be considered in terms of the total context when selecting those employees who are to be considered for release pursuant to the provisions of these procedures. The following criteria will be considered:

 - H. Contribution and/or involvement in extra-curricular or co-curricular positions with students
 - I. Compliance with Professional Standards and Conduct over the course of employment with the District
 - J. Teacher evaluation, including components required by Idaho Code to be encompassed in teacher evaluation

It is the intent of the Board that the individual and cumulative effect of each criterion on the welfare of students and the best long-term and short-term interest of the District be considered.

It is further the intent of the Board of Trustees that primary consideration be the quality of instruction and the progress that students are making throughout the course of the school year as well as properly endorsed Highly Qualified instructors to be in classroom positions in order for the District to be compliant with State and federal education requirements. Thus, each criterion shall be considered in terms of this total context.

The factors for consideration shall be reviewed on an annual basis by the District's Administration to determine whether factors should be added, eliminated, or weighted differently. Such recommendations for modification will then be brought before the Board of consideration.

4. The Human Resources Department shall advance notice of the possible Reduction in Force to all teachers who may be released, based upon the number of teachers who may be released, in full or in part, and the school programs, teacher positions, or categories of positions that may be affected.
5. Upon receipt of this notification, it is recommended that the subject teachers review their personnel file materials with the District Office to assure that the school has appropriate information relating to the various criteria referenced above.
 - A. If a teacher receiving a Teacher Profile believes that there is an error, the teacher shall notify the Human Resources Department of their concern of an error, in writing, by the close of the school day on the tenth (10th) school day after the teacher has received notice of the possible Reduction in Force.
 - B. This written notice shall specifically identify what element or elements of the teacher's personnel file and criteria are believed to be erroneous and explain specifically why the element(s) is believed to be in error.
 - C. If the Human Resources Department receives notice of possible error, each such written notice, timely received, shall be individually reviewed for possible reconsideration or evaluation of the information used in consideration of the Reduction in Force.
 - D. Should a teacher fail to inspect their personnel file and have inaccurate information in their personnel file and/or have failed to provide the District with updated information, the information contained in the file will be utilized for the Reduction in Force determination and the teacher will not have the opportunity to subsequently correct such information after the Reduction in Force has been implemented.
6. If the Board of Trustees determines that a Reduction in Force in fact will be implemented, the Superintendent shall submit a list of the teachers recommend for release, through use of the above process, and shall make recommendation to the

Board of Trustees as to what due process, if any, the Board needs to implement for each individual personnel situation.

7. All releases shall be done in conformance with the applicable provisions of Idaho Code and all affected teachers will be promptly notified, in writing, of the Board of Trustees' decision or actions that need to be taken by the Board relating to applicable due process activities, if any.
